

RENIZO – Complete User Flow, Services & Rules

(Developer Implementation Brief)

1) Concept

Renizo is a town-based on-demand services platform.

User must select a town first, then only sees services and providers available in that town.

Bookings are created with date, time, service + sub-section + add-ons, matched to available providers, paid inside the app, communicated through in-app chat only, and completed with insurance status shown clearly.

Starting towns:

- Terrace
- Kitimat
- Prince Rupert
- Smithers

2) Service Structure

Residential Cleaning

Sub-sections:

- Regular Cleaning
- Deep Cleaning
- Move-In / Move-Out

Add-Ons:

- Inside fridge
- Inside oven
- Inside cabinets
- Window cleaning

3) Customer Flow

1. Open app → Select town
2. App shows only services enabled for that town
3. Choose service → sub-section → add-ons
4. Enter address, date, time, notes, photos
5. System matches providers by:

- Town
 - Service
 - Sub-section
 - Add-ons
 - Availability
 - 6. Customer confirms booking
 - 7. Customer pays inside app
 - 8. Insurance status shown on booking
 - 9. In-app chat only
 - 10. Service completed
 - 11. Review and rebook
-

4) Provider Flow

- Provider registers
- Select towns they serve
- Select services, sub-sections, add-ons
- Set availability
- Receive only matching bookings
- Accept → chat → complete → mark done

5) Admin Flow

- **Manage towns (add/edit/disable)**
 - Enable/disable services per town
 - Enable/disable sub-sections per town
 - Enable/disable add-ons per town
 - Assign providers to towns and services
 - View bookings, disputes, and insurance status
-

6) Insurance Rules

- Insurance is active only when:
- Booking is created in app
- Payment is done in app
- Job is completed through system

Booking screen must show:

- Insurance: Active
- Insurance: Not Active

Admin must see insurance status.

7) Outside Contact Rules

- No phone numbers or emails visible anywhere
 - In-app chat only
 - Chat must block or warn on:
 - Phone numbers
 - “Call me”, “Text me”, etc.
 - If outside contact attempt:
 - Show warning
 - Flag booking for admin
-

8) Expansion Ready

- Add more towns later from admin
 - Town-based now, postal code later
-

Live Circle

Select Town → Choose Service → Sub-Section → Add-Ons → Date/Time → Match Provider → Pay → Chat → Service → Review → Repeat

each provider will do their own pricing ,payments goes to the provider and renizo fee will cut, percentage 10 percent
